## ABOUT BIONRGWOOD

Bionrgwood was founded in 2017 and has since established itself as a leader in the timber sector, with facilities in northern Greece. Our company is proud of its strong export activity, supplying high quality wooden poles for electricity and telecommunications poles to markets worldwide.

Our target is excellence and innovation, combined with a deep commitment to environmental sensitivity. In Bionrgwood, we invest in sustainable solutions that minimize our environmental footprint and strengthen the circular economy, ensuring that our processes respect nature and promote sustainability.

Our continued development is based on this strong commitment to quality and environmental responsibility, thus promoting a green and sustainable business that competes effectively in international markets.

# O-WOOD PELLET IN BAG

## ■ PALLETTIZING: 72 PIECES
